English4tech

Founder

February 2023 - Present (1 year 9 months)

Tehran, Iran

Combining my skills as a certified English teacher, my experience in the software industry, and my passion to have a small business of my own, I started an Instagram page where I post educational content regarding English speaking skills in the tech industry.

After multiple needs analyses, I designed an English speaking workshop suited for product people.

The workshop comes in two types:

1## one:one online live classes

2## corporate group classes
